

WELCOME

RESTAURANT PANO VISUM

The word Spiro is latin and means "I breathe",
"domus" indicates the "house".

Hotel Spirodom is a house of breathing, a place to exhale and deeply relax.

PANO VISUM means panoramic views:

on the surrounding mountains of the natural jewel Gesäuse National Park and
the Benedictine monastery Admont, known throughout the world.

You can not only enjoy the wide, but also the high view on the landscape.

PANO VISUM stands for regional, fresh, Styrian cuisine at a high level:

we see the nature as our role model – therefore, we leave food as natural as
possible.

What we process, preferably comes from local partners in the Gesäuse region.

From people we trust and who are committed to us.

We live cooperations.

PANO VISUM brings history to life:

our wines are produced in the centuries-old "Dveri Pax" winery of the Admont
monastery.

Already at the Austrian imperial court, these were famous for their
beautiful harmony of freshness and soft fruity taste.

A glass of wine will open your mind and awake your senses.

Take a deep breath, relax and enjoy yourself at Hotel Spirodom.
